

# John Vasil

Software Engineer

## SUMMARY

Creative, detail-oriented, software engineer.. Proven track record of creating and implementing successful front and back end web applications. Looking to bring my skills to a tech company with global reach.

## WORK EXPERIENCE

### Software Engineer at 100devs, Los Angeles, CA

January 2022 — Present

- Collaborated with a team of developers to build modern and responsive web applications using best practices
- Built semantically structured full stack web applications
- Applied agile methodologies like SCRUM for project management

### Full Stack Web Developer, Freelance | Amherst, MA

January 2019 — Present

Created full stack web applications and static websites for different clients across small and medium size businesses. Also, consulted on SEO and social media strategy.

### Merchandising Operations Manager | Holyoke, MA

January 2022 — Present

- Designed Floor layouts, product displays, and shelving layouts to maximize sales and influence customer purchasing habits
- Organized purchasing orders, managed file systems, and kept track of inventory using Zebra software
- Reviewed supply levels and aging inventory to forecast purchasing needs

## VOLUNTEERING

### Thomas Aquinas SChoo | Warren, MA

Substitute biology teacher for 9th and 10th grade students
